

# JOÃO RIBEIRO PINTO

## master in bioengineering

branch of biomedical engineering

Faculdade de Engenharia, Universidade do Porto

license degree completed in 2015

master degree expected conclusion in 2017

## trainee at **CardioID** (since Sep. 2016)

master thesis internship, focused on the application of signal processing and machine learning for security biometric applications on noisy, off-the-person settings

## vice-chair at **EMBS UP** (Nov. 2015 - Jun. 2017)

organization and supervision of activities, projects, and workshops related to engineering in medicine and biology, promotion of IEEE to the community

## researcher at **VILab** (Sep. 2015 - Apr. 2016)

team research on machine learning and computer vision applications (mainly on biometrics)

## biomedical engineering student

email: [jtrpinto@gmail.com](mailto:jtrpinto@gmail.com)

phone: (+351) 912 973 549

website: [jtrpinto.github.io](http://jtrpinto.github.io)

linkedin: [pt.linkedin.com/in/jtrpinto](https://pt.linkedin.com/in/jtrpinto)

## main areas of interest

computer  
vision

signal  
processing

machine  
learning

mobile apps  
& GUI design

information  
systems & web

sensors &  
electronics

## programming

 C/C++

 Java / C#

 MATLAB

 Python

 PHP / SQL

 HTML/CSS

 Javascript

 LabVIEW

## remarks on projects

### biometric recognition

using ECG, voice, and fingerprint with anti-spoofing liveness detection

### medical image analysis

CT organ segmentation, nuclear medicine, osteoporosis detection, and pill recognition in smartphone images

### web development

front-end & database development, hosting, with image analysis & decision

### signal acquisition & processing/analysis

arterial pressure with PPG, pulmonary sound analysis, multi-sensor activity recognition, android apps with sensors

## other skills

languages: **Portuguese** (native) & **English** (fluent)

web dev.: brief contact with **sass**, **react**, **angular**, **bootstrap** & **jquery**

knowledge of **software verification**, **validation**, and **testing**

diverse **soft skills** developed in extracurricular activities/groups

knowledge of **entrepreneurship**, **marketing**, and **graphic design**

and other areas of biomedical engineering...
